*HyerTek offers federal customers custom-tailored data analytics, cloud, and collaborative technology training programs to meet their mission needs. All solutions are tailored to agency specific needs, not a standard course syllabus. Contact us today to let us curate your learning journey.*

## Our Services:

- ✓ Virtual & In-Person Instruction
- ✓ Instructional Design Solutions
- ✓ Courseware & Technical Writing
- ✓ LMS/e-Learning Services

## Why Choose HyerTek

HyerTek is a leading federal systems integrator who has authored and curated its own Microsoft-based training curriculum based on the "For Dummies" approach to instruction. Our training products cost on average 50% less than competitor vendors as we have literally "written the book."
